Dear Eric

On behalf of everyone at Mercedes AMG High Performance Powertrains (HPP) and Mercedes-Benz, we would like to thank you once again for the outstanding contribution that you and your team have made towards our success in the 2016 Formula One season, allowing us to achieve the impressive result of winning three World Championship Titles in a row.

The Silver Arrows F1 W07 powered by the PU106C Hybrid has again broken new records winning 19 of the 21 races, achieving 20 pole positions, 33 podiums and scoring 765 points, the highest score in a Formula 1 season, equivalent to 85% of the total available, and resulting in Nico Rosberg becoming World Champion for the first time in his career, with Lewis Hamilton following him closely in second position.

We appreciate your efforts and hard work to support our team which enables these achievements. Please pass our personal thanks to everyone who has contributed to this success.

Our focus will be to further improve the performance and reliability of the Power Unit to become even stronger for the 2017 championship challenge.

Yours sincerely

**Andy Cowell**  
Managing Director
